

FIRE RESCUE DEPARTMENT

ADOPTED BUDGET FY2016-2017 \$69,271,615

FIRE RESCUE DEPARTMENT SUMMARY

MISSION STATEMENT:

To meet and exceed the needs of the community through the highest level of emergency response and prevention services.

PROGRAMS AND SERVICES:

ACCOMPLISHMENTS, INITIATIVES, TRENDS AND ISSUES AND SERVICE LEVEL IMPACTS:

Accomplishments:

DISPATCH

- Renovated Department's Dispatch Center (updated electrical and cable wire, new workstations)
- Enacted measures to improve candidate recruitment in order to reduce Dispatch Center high vacancy rate, reaching as much as 24%
- Collaborated with Bargaining Unit to make use of additional temporary Position Control Numbers, in order to increase recruitment class size and temporary hiring of former Brevard County Fire Rescue dispatchers, which translates to a reduction in mandatory overtime
- Continuous advertisement is in place to maintain vacant positions at a manageable level

FIRE OPERATIONS

- Established an Automatic Aid Agreement with the City of Titusville Fire Rescue Department to enhance emergency response coverage and increase available resources for fire protection in northern Brevard County
- Through the use of internal staff, developed a statistical software application that collects data from Emergency Medical Services reports, Fire reports and the E911 CAD system; data used to evaluate various aspects of service delivery
- All field personnel completed Blue Card incident command refresher training to enhance the communication skills for all employees dealing with public emergency situations

EMERGENCY MEDICAL SERVICES (EMS)

- Implemented a cardiac arrest patient outcome registry with local hospitals to track patients who experience heart attack and require CPR
- Continuing to compare the department's cardiac patient outcomes against other providers for the purpose of quality assurance and improved patient care via cardiac arrest patient outcome registry
- EMS has organized a Zika virus preparedness plan to include protocols, drill exercise with Brevard County
 Emergency Management and include specific questioning to 911 callers to detect possible exposure

OCEAN RESCUE

- Developed a plan to integrate and implement EMS PRO for Ocean Rescue medical emergencies (This will allow Q&A (Question and Answer) and TQM (Total Quality Management) that can be utilized for training to improve response time and minimize liability to the department in regards to the creation of quality reports for major medical calls)
- Created silicone wristbands to promote ocean safety and the Swim Near a Lifeguard initiative (these items are handed out at public speaking events where on average, this will impact 3,000 students yearly)
- Ocean Rescue services resulted in zero drowning fatalities in lifeguard protected areas

FIRE RESCUE DEPARTMENT SUMMARY

Initiatives:

- The Office of EMS will be implementing a training program specific to EMTs (basic provider) on how to assist the paramedic when managing a critical patient
- The training will focus on introducing the EMT provider to advanced life support equipment and how to identify situations when the paramedic will need such equipment. This training will prove to be essential as many of the department's EMTs are now assigned to ambulance units. The new 16 hour training will be provided to all new hires and current department EMT's
- Will be implementing the Code Stat software program which is to be used during the continuous
 quality improvement process of cardiac arrest victims. The software allows for the monitoring of patient care of a
 cardiac arrest victim while on scene. The Code State program essentially provides a report of how effective CPR,
 ventilation and other activities were done prior to arrival at the hospital and can then be used as a learning tool,
 with the crew, post cardiac arrest
- Fire Prevention revised the method of collecting outstanding accounts receivables by utilizing Fire Rescue staff member. The department has not had to send any accounts to the County's collection agency in the past 14 months. Our collection rate is currently better than 99%
- Fleet Services is participating in countywide evaluation of cost/benefit of having a vendor manage vehicle parts supply, inventory and storekeeping functions

Trends and Issues:

Reserve funds continue to be expended to meet reoccurring operating costs. Fire Assessment rates have not been adjusted since FY2008-2009. The department continues to exercise cost controls to maintain current service levels with existing operating revenues and reserve funds (estimated less than one month of Fire Operations reserve funds). Fleet maintenance costs are increasing due to the age and mileage of both Fire and EMS vehicles. A significant number of front line engines and rescues are at, or exceed, their maximum service life for front line units. Additionally, the manufacturer of the majority of current engines went out of business in 2014. It is becoming increasingly difficult to locate and acquire available parts, resulting in increased down time. Deferred maintenance and lack of funds for Capital Improvements Projects is increasingly problematic. Moisture and mold issues in a number of stations have significantly increased repair costs in the current fiscal year. Several stations need to be replaced in the near term, due to their design, size, age, in addition to the inability to withstand a major hurricane. The department continues to monitor patient billing revenue as related to potential impacts from the Affordable Health Care Act and changes in the Medicare/Medicaid reimbursement models.

Service Level Impacts:

Emergency Medical Ambulance service levels have increased through the implementation of a new peak-load ambulance in north Brevard County. Funding for this unit is included in the department's FY2017 budget. Effective staffing model options are currently undergoing evaluation.

FIRE RESCUE DEPARTMENT: DEPARTMENT SUMMARY

FIRE RESCUE OPERATIONS: BUDGET VARIANCES

REVENUES	VARIANCE	% VARIANCE	EXPLANATION
Taxes	\$215,599	1.93%	Attributable to increase in property valuations and new construction
Permits, Fees & Spec. Assess.	\$262,921	1.20%	Attributable to Property Appraiser system upgrade that lead to reclassification of some parcels to the the correct code
Intergovernmental	(\$427,551)	(79.88%)	Staffing for Adequate Fire and Emergency Response grant ended in early second quarter of fiscal year 2016 budget
Charges for Services	\$0	0.00%	
Fines and Forfeits	\$0	0.00%	
Miscellaneous	(\$17,000)	(12.83%)	Represents interest earings projection
Statutory Reduction	(\$1,698)	0.10%	Corresponds to change in Operating revenue
Balance Forward	(\$2,708,422)	(21.84%)	Utilization of reserves for operating and capital replacement
Transfers - General Revenue	\$0	0.00%	
Transfers - Other	(\$83,046)	6.07%	Reflects a combination of a transfer increase to Fire Protection, due to a lower projectin of new construction revenue and the transfer for Fire Medics certification was canceled
Other Finance Source	\$0	0.00%	

FIRE RESCUE OPERATIONS: BUDGET VARIANCES

EXPENDITURES	VARIANCE	% VARIANCE	EXPLANATION
Compensation and Benefits	(\$495,412)	(1.76%)	Attributable to 1.5% Cost of Living Increase offset by a 4% decrease in Employer's Health Insurance premium and retirement rates and benefits increases, end of Staffing for Adequate Fire and Emergency Response Grant (33 Position Control Numbers) and the transfer of Position Control Numbers to Information Technology
Operating Expenses	\$186,763	3.37%	Primarily due to the Mobile Data Terminal notebook lease for fire apparatus and additional repair and maintenance of Engines
Capital Outlay	\$593,406	32.25%	Represents capital replacement plan requirements (1 Engine \$475K, Self Contained Breathing Apparatus packs \$172K) and fire reporting software \$150K
Grants and Aid	\$0	0.00%	
CIP	(\$110,000)	(100.00%)	Drill Yard Capital Improvement Program was canceled
Debt Service	\$0	0.00%	
Reserves-Operating	\$0	0.00%	
Reserves - Capital	\$0	0.00%	
Reserves - Restricted	(\$3,058,248)	(47.58%)	Utilization of reserves to fund capital replacement and operating expenses
Transfers	\$124,294	10.68%	Salary increases in Information Technology personnel and the transfer of the Geographic Information Systems and Health Insurance Portability and Accountability Act Position Control Numbers and increases in Property Appraiser and Tax Collector fees

FIRE RESCUE OPERATIONS PERFORMANCE MEASURES

OBJECTIVE	MEASURE	ACTUAL FY 2014-2015	ESTIMATED FY 2015-2016	PROJECTED FY 2016-2017
Fulfill Workload Requirements	Calls with emergency response (Unincorporated)	59,784	59,900	60,000
Fulfill Workload Requirements	Structure, wildland, and other fires	3,216	3,300	3,350
Fulfill Workload Requirements	Non-emergency calls	12,308	12,000	12,500
Fulfill Workload Requirements	Emergency Medical Services and rescue calls	64,987	65,000	66,000
Improve Effectiveness	Fire suppression unit's response time is 4 minutes or less for a structure fire call (National Fire Protection Association-1710 Guideline)	42%	45%	50%
Develop Workforce	Training hours provided annually	250,000	250,000	265,000
