Item No.	Proposal 4

AGENDA REPORT
BREVARD COUNTY BOARD OF COUNTY COMMISSIONERS

SUBJECT:	Brevard Charter Proposed revision
	DALE YOUNG Proposal #1

Requested Action:
No tax levied in Brevard County shall exceed the statutory limitations set forth in Article 2, Section 2.9.3.1 of the Brevard County Charter as amended November 2, 2010.

Summary Explanation & Background:
This provision could properly be a part of the Taxpayers Rights for fair and equitable taxation not to exceed the annual CPI of increased per capita incomes. Without restraint and control over excessive taxation, this power of local authority threatens the residents ability to maintain their level of living and family obligation, as well as future planning for their children's welfare.
It is illogical that any government should expect to levy fees or taxation greater than the per capita increase, as this would mean a severe reduction in the household's ability to accumulate resources necessary to sustain a level of living. It is only fair to demand of government what they demand of the governed.
