Item No.	Proposal #15

2015-2016

**CHARTER REVIEW COMMISSION AGENDA REPORT**

SUBJECT:	Inspector General
DEPT/OFFICE:	Independent
Requested Action:	
Establish the independent elected position of Inspector General for Brevard County.	
Summary Explanation & Background:	
<p>In view of difficulty in the prosecution of the embezzlement of over \$7 million dollars from the Brevard County Clerk's office, now extending beyond three years, with little progress or resolution in sight, it is time to establish an office available to the general public, county officials, state agencies, municipal officials, and government employees for the rapid exposure and prosecution of misuse and abuse of Governmental positions and private associations.</p> <p>This office would be structured generally in accordance with the guidelines of FS 14.32, and FS 112.3188 as amended to conform to county jurisdiction.</p> <p>At present, there is NO effective county agency that is able to respond to the rampant abuse and misuse of official positions, public-private arrangements, or simply improper conduct due to lack of knowledge.</p> <p>A description of the duties of an Inspector General will be made available.</p>
